

LumaNexus

Polaris · AI teaching co-pilot for K-12 schools

CBSE & Karnataka State Board

English · Hindi · Kannada

An AI co-pilot for every teacher, a personal tutor for every student.

Grounded in the CBSE and Karnataka State Board syllabi, Polaris plans lessons, builds board-aligned assessments, creates visual content, and tutors students in English, Hindi and Kannada.

Teaching Kit

A chapter's full kit in minutes - lesson plan, worksheet, quiz, notes, mind map, flash cards.

Mission 625

Per-student board-exam improvement, measured. Grade 10 papers follow the KSEEB blueprint.

Nova - AI tutor

A safe 24/7 tutor in 3 languages that even reads handwriting - with child-safety guardrails.

Aurora & visuals

Concept videos, revision posters and diagrams that make hard ideas easy to see.

Grounded in official textbooks

Accuracy-checked before use

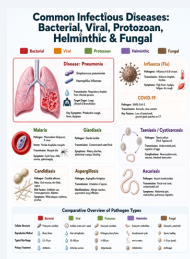

Child-safe

Per-school private

Mission 625

One platform for teachers, leadership and parents - aligned to your school's mission.

WHY PRINCIPALS CHOOSE POLARIS

Time back

Teachers reclaim hours every week - a full chapter's kit is ready in minutes, not evenings.

Measurable results

Every SSLC student gets targeted, board-blueprint practice, with progress you can show parents.

Safe oversight

One private, child-safe platform - leadership sees the whole school; parents stay in the loop.

Ready to give your teachers their time back?
